aTOKYO Inc. is pleased to announce that ART FAIR TOKYO 19, a global art fair, will be held from March 6 (Thu) to March 9 (Sun), 2025, as an opportunity to present the Japanese art market in a comprehensive manner.

The Managing Director of ART FAIR TOKYO would like to extend a warm welcome to all visitors to the fair.

As ART FAIR TOKYO 19 celebrates its 20th anniversary since its inception in 2005, we are very pleased to announce 139 domestic and international galleries participating, including many of Japan's leading galleries, with 13 new exhibitors in the three sections of the fair.

Together with a committee team of some of Japan's leading galleries, ART FAIR TOKYO has consistently developed as Japan's largest platform for connecting and interacting between the Japanese art market, nurtured by its unique art history, and the major stakeholders in the global art scene. Japan is one of the most economically successful Asian countries.

As one of the largest art fairs in Japan, ART FAIR TOKYO has been able to grow with the growth of the Japanese art market and to provide a platform for the exchange of a wide range of genres, from antiques to modern art, contemporary art, and crafts, as well as a platform for the exchange of higher-quality artworks. As the largest art fair in Japan, ART FAIR TOKYO has built deep relationships with art collectors and other major stakeholders in Japan and abroad as a showcase for a wide range of genres and high quality works of art.

Japan boasts the second largest art market in Asia after China. ART FAIR TOKYO 19 promises to be an even more satisfying fair for all visitors with larger exhibition booths and a more diverse program than previous years.
